

# Outstanding Graduate Award

**Due Sept 7**

To receive a "Key" award from the county, a 4-H member must nominate themselves and submit an ME form to be considered for selection by the Leaders' Council. The Leaders Council feels that there may be many "outstanding" graduating members who also deserve recognition for their achievements or accomplishments in 4-H.

The Outstanding Graduate Award is meant to acknowledge any graduating 4-H member (who meets 4-H policy for graduation) who has demonstrated "Key" characteristics through their participation at the club or county level. There is no limit for the number of graduates you may nominate for this award. Each graduating 4-H'er nominated will receive an engraved plaque.
