## NEW 2021 Summer COVID-19 Guidelines

Effective June 2, all fully vaccinated Wisconsin 4-H staff, volunteers and participants are no longer required to wear masks during programs. We ask that individuals who are not fully vaccinated, including youth under 12, continue to wear masks. Staff and volunteers will not enforce mask wearing or ask for proof of vaccination for those not wearing masks. Masks may still be worn if preferred and individual masking choices should not be interpreted as an indicator of vaccination status.

- Outdoors: Physical distancing is no longer required outdoors for vaccinated people. Individuals who are not vaccinated should maintain 6 feet of physical distancing and, if physical distancing is not possible, wear a face covering.
- Indoors: There are no group size limits on indoor gatherings as long as a minimum of 6 feet of physical distancing is able to be maintained, regardless of vaccination status.
- Transportation: Any individual who is not vaccinated should wear a face covering when driving or riding with others. Vehicle occupancy is recommended to be no more than 50 percent of capacity when traveling with an unvaccinated individual(s).

This updated policy applies to all Wisconsin 4-H programs including overnight programs, 4-H programs at county fairs and food stands.

As a reminder, Wisconsin 4-H staff, volunteers and participants should continue to follow local public health guidance.

Dear 4-H Families,

The St. Croix County Fair is only weeks away – July 14-18, 2021. How is your family preparing for the fair? Are you working “like crazy” to get all of your projects completed?

As your family prepares for the fair, here are a few ideas to remember to help make the fair an enjoyable experience for everyone.

- **Fairs are for learning.** Whether you receive a blue or pink ribbon, it is what you learn at the fair that is important. Be sure to keep your ears and mind open when the judges are speaking, as judges are teachers, and exhibitors should be learners. Whether you agree with the judge or not, remember that the judge is human and is genuinely interested in helping you learn. Remember, the blue ribbons and trophies are likely to be forgotten and discarded before all the life skills and educational experiences you gain from fair preparation and judging do!
- **Fairs are for fun.** The fair is a great opportunity to meet new people and have new experiences as well as spend time with your established 4-H family. Have fun exhibiting your 4-H projects, give a smile while working in the food stand, enjoy the carnival and indulge in lots of yummy fair food.
- **Fairs are for everyone.** Not only 4-H members, but parents, grandparents, leaders, friends, community members, and buyers attend the fair. Let's share with them our 4-H knowledge and skills. Also, don't forget to promote 4-H, the fair is a big event!
- **Fairs are for patience and cooperation.** The heat, excitement, stress, long hours with little sleep, and desire to do well at the fair can sometimes lead to misunderstandings. At times we may forget that we are all after the same goal... to help kids learn and have fun. If everyone works towards cooperation, everyone will end up winning in the end.
- **Fairs are for gratitude.** So many people work very hard to make the fair an educational success for you and other young people from around the county. Remember to thank your judges, your meat animal buyers, your parents, your trophy sponsors, your 4-H leaders / FFA advisors, and your county fair board members and volunteers.

**Good luck on all your 4-H exhibits and judging! Can't wait to see you at the Fair!**

# 4-H Food Stand

Clubs and committees,

We are still in need of help for the food stand. If you would like to sign up for the 2021 fair, please contact Debbie ( [dstevens@somerset.k12.wi.us](mailto:dstevens@somerset.k12.wi.us) or 715 684-9696). The first who contact me, get their first choice. You may sign up for more than one time slot, if you'd like to.

We are only asking for 10-12 people to work in the stand and we need half of your group to be 16 or older and no one under the age of 10. We know the younger kids love it, but this year we need to keep our number of workers in the building down so we can stay safe. We are asking families to work together when possible, so we do not have as many close contacts.

We have some changes, we are only having chocolate and vanilla malts. We are not having beans, pulled pork, banana splits and root beer floats. We will pay the clubs \$50/hr. for all shifts.

Thank you in advance for making the food stand work! Masks/gloves will/might be required unless things change by fair time! We are thinking it could be the club's discretion that is working at each time slot. We are not exactly sure what the CDC guidelines will be at the time of the fair. **Please see open shifts.**

### Photography Project ~ July 2021

It's Fair Month!!!! Yay!!!!!! I do not have a lot to share with you now before the Fair!!!

\*\*\*\*\*There is going to be a Meeting on **Thursday, July 8** at the Agriculture & Education Center in Baldwin! (I always call this the 4-H Building J). **We will be meeting in the Big Room at 6:30!!!** The meeting will be about an hour/hour and a half!!

Please bring any pictures that you have ready for the Fair or if you have questions about them. They do not have to be on the Tag Board yet if you are not that far along!!! We will be going over the 5 Basic Rules and How to Present to the Judges. This meeting will be good for **ALL 1st and 2nd Year Photography Members and even 3rd Year as last year was not a judging year**. All others are welcomed to come if you have questions or want to go over things and even help out the newer members!!! There will be information in the Facebook Group also!!!!

Let us look at these in a little more depth!

- 1) The **rule of thirds** is dividing your frame into nine equal rectangles. You can do this by creating two vertical and two horizontal lines. The four lines will intersect at four points. These are the points where your point of interests should be.
- 2) **Leading lines** are lines that appear in a **photograph** that have been framed and positioned by the **photographer** to draw the viewer's eye towards a specific point of interest. (Think of a railroad track or a row of corn.)
- 3) The classic **close-up** is about **getting** detail. That usually **means getting** right into the subject. The feeling of 'closeness' usually **means** the shot is taken from less than meter away. However, **close-ups** can be as **close** as a few inches.
- 4) the **background** is the part of the overall scene. It's behind the main subject of the **photograph**. Proper design and use is crucial to photographic success. You need to be aware of what is behind or next to your subject and be ready to move a little to have a cleaner shot OR move your subject if possible.
- 5) **Framing** is exactly as it implies, seeing your image through something that frames it such as; a doorway, a window, through leaves of a tree, etc. **Framing** your subject within a another is a strong, graphical composition.

As always please share your ideas by emailing or on the Facebook Page!!!

Have an amazing day, Kay Jacobsen ~St. Croix County Photography Project Leader Our email is [sccphotographyproject@gmail.com](mailto:sccphotographyproject@gmail.com) and the Facebook page is SCCPHOTOGRAPHYPROJECT (request to join and you will be accepted!).

## Yard Sign promotion with Dairy Farmers of Wisconsin

From Beth Schaefer, Dairy Farmers of Wisconsin,

“In an effort to drive dairy sales and evoke community support for our dairy farms, Dairy Farmers of Wisconsin created signs to encourage consumers to support local dairy farmers. This free campaign is open to any Wisconsin dairy producer, industry partners, co-ops, and dairy promotion programs.

Please take a moment to amplify on your social media channels, digital newsletters, or email distribution lists so dairy farmers and local dairy promotion projects can participate in this program.”
