St. Croix County 4-H

Dear 4-H Families,

Seasons Greetings to all of our re-enrolled and new 4-H families. I hope this newsletter finds you safe and healthy.

This time of year may involve stress for many people and perhaps even feelings of anxiety or apprehension with the holidays approaching. It sometimes helps to take a deep breath and look at the support and people that you have surrounding you. Celebrate with family and friends and focus on relationships in your own special way. While giving and receiving gifts is enjoyable, so is spending time with loved ones.

I also want to extend my appreciation for my 4-H family. Thank you to all those volunteers who help our youth learn and grow and to those that help me with all the events and “happenings” in 4-H land. Also, thank you to all the youth that are involved and are willing to give time to 4-H!

**ADDITIONAL NEWS:** The UW-Extension Office has a new face! Laura Hinz joined the team on November 16 as the St. Croix County Outreach Support Associate. This position will serve as our office manager and program support. We welcome Laura and look forward to working with her. If you require any type of assistance feel free to contact Laura at 715-531-1930 or [laura.hinz@wisc.edu](mailto:laura.hinz@wisc.edu).

As always, if you have questions, concerns, comments, or new ideas please contact Eileen or Heather.

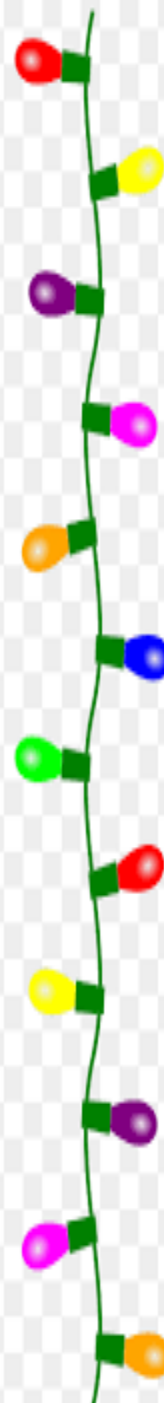

Happy Holidays,

Heather Vierling  
St. Croix County 4-H Youth Development Agent

## Upham Woods Outdoor Learning Center—Virtual Learning

From screen learning to green learning, Upham Woods has hearkened back to the days of Ranger Mac, our first superintendent, to deliver virtual and remote learning for groups. Ranger Mac was Wakelin McNeel's radio persona which he successfully used to teach science and environmental education to Wisconsinites in the 1930s and 1940s. Teachers created designated Science Corners full of outdoor discoveries collected by students and the class would tune into "Afield with Ranger Mac" radio program.

In today's world, we believe that flexible programming across a variety of formats will help educators and curious folks create their own modern day science corners with our help. Upham Woods can be a part of your school-year experience year-round, not just during your field trip. We hope that we will continue to use these programs for years to come with you. Check out these great virtual activities at <https://fyi.extension.wisc.edu/uphamwoods/programs/outreach-programs/virtual-learning/>
