

MAKE "SOIL HEALTH" WORK. RIGHT HERE.

For NW Wisc & Eastern Minn Corn-Soybean Farmers

9:30 - 2:30

WED. FEBRUARY 15

READY RANDY'S NEW RICHMOND

FREE & LUNCH INCLUDED

We hear about "soil health" and new practices. But now it's time to hear **what's working RIGHT HERE**. Yes, we will have the data to back-up the **why**, but come learn about the **how**!

This event will have:

- *Real discussion of how to reduce costs and improve corn/soybean operations*
- *No sales pitches*

EFFICIENT NITROGEN MANAGEMENT

Talk to experienced farmers and professionals on lowering fertilizer costs while maintaining yield.

COVER CROPS IN OUR REGION

Hear from folks who make cover crops work north of I-94. Our farmers & researchers will share their strategies.

GENERAL SESSION

Got another topic of interest you want to throw out to your peers? Let's talk shop.

Organized by St. Croix & Red Cedar Valley Farmer-Led Watershed Councils

PLEASE RSVP FOR FREE LUNCH
